3- can we add an indicator to which screen is opened by the user, check screenshot **PM opened tab display**

4- the field **PM** looks like it's disabled. check attached screenshot **PM disabled**

5- when switching between search options, the fields from the other option should be emptied as keeping them populated might confuse the user
check screenshot attached **fields to be emptied**

#3 - 07/18/2019 02:11 PM - Israa Naser

- Assignee changed from Abdelhalim Abu Qamar to Abed Abuhhalawa

#4 - 07/31/2019 11:00 AM - Abed Abuhhalawa

- Status changed from Open to Fixed

- Assignee changed from Abed Abuhhalawa to Israa Naser

about :

3- can we add an indicator to which screen is opened by the user, check screenshot PM opened tab display.

4- the field looks like it's disabled, check attached screenshot disabled

its from css style applying to pm project

and about points 1 ,2

its fixed when applying new way of search (list search)

#5 - 08/31/2019 02:54 AM - Israa Naser

- Status changed from Fixed to Closed

- Co-Workers Abed Abuhhalawa added

this is no longer a valid feedback, as the whole implementation of the page has changed

Closed as rejected
