#### Description

On switching between search methods the system validates on section in the beginning date

Steps to duplicate:

1- go to       screen

2- fill in the fields as follows

:

: 13/05/2019

: 24/06/2019

3- switch the search method to be

the system should switch the search method correctly,  
the validation message shouldn't be displayed

- Status changed from Fixed to Closed

this is no longer a valid feedback as the algorithm to collect the sections has been changed

and checks the end date instead,

on live there will be a validation implemented to prevent the user from entering a date in the end field later than yesterday, and no older than 6 days in the beginning date

which will prevent the error from being displayed

it's not applied now for us so we can keep use the old data that's two months old

Closed as rejected
