Description

As requested, the Barcode field should be removed from Add new defined item (coop item Not union) > check the attached email for confirmation

- the Barcode should be auto-generated by the system and displayed to the user in Defined items table when the item is saved.
- the Barcode field should be removed from Add new defined item dialog
----
Also let's consider the following:
1- the Barcode field should be removed from New defined item popup for General item
□□□□□□□ □□□□ - □□□□□ □□□□ □□□□□ □□□□□ □□ □□□□□□□□ □□□ □□□□□

2- the Barcode field should be Mandatory in Adding new Union item, it can't be empty
□□□□□ □□□□□ □□□□ □□□□□ □□□□□ □□ □□□□□□ □□□□ □□ □□□ □□□□□□□ □□□

3- the Barcode field should be disabled on Edit popup for Both General item and Union Item
> [or general item it's a good idea to keep it displayed and populated and displayed for the user
==> For Union item it could cause issues as the barcode is a foreign key and shouldn't be edited
